Dear Mr. Hahn

You will please excuse me for not having got around to answering your letter sooner. It is simply that I am up to my ears at the typewriter most of the time and I simply ^{must} take care of emergency writing first.

Thank you so much for your interest in my radio shows and the people concerned. Unfortunately I have neither pictures nor scripts available. It is impossible for me to meet the requests of people whom I so much would like to please.

I'm sure you will understand , and again thank you for your interest.

Cordially,

Anton E. Morse
